

TAIBER™ 1.0

LED OUTDOOR RATED

TYPE:

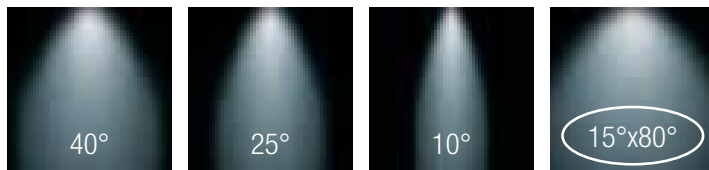

PROJECT NAME:

MODEL # WATT LED OPTICS FINISH VOLTAGE

DESCRIPTION:

IP66-rated LED bar created for illuminating signboards and building façades. This light fixture for outdoor use is available with 3 sizes of swivelling brackets, and can be adapted for any setting. It comes with an internal driver, and with entry and exit connectors to facilitate cascade connection. Illumination is possible to a height of 15 metres, and a range of optics enables a variety of lighting effects to be achieved.
